

2024

STATE OF THE HEART

2nd Annual Heart and Vascular Conference

Oct. 11 and 12

Omaha Marriott
10220 Regency Circle
Omaha, NE 68114

Heart Failure / Transplant / Shock / Pulmonary Hypertension

- Medical Device in Heart Failure
- Advances in Cardiac Transplant – Serologic Rejection Surveillance
- Advances in Mechanical Circulatory Support – Future Directions
- Cardiac Genetics
- Advancements in Imaging for Heart Failure
- Strategies for Avoiding Hospitalizations in Heart Failure
- Evaluating and Managing Dyspnea in Heart Disease
- Recognizing and Managing Shock – A Team Approach
- Temporary Mechanical Circulatory Support in Cardiogenic Shock
- Cardio-Oncology
- Advancements in Organ Procurement
- Management of Pulmonary Hypertension

Electrophysiology

- Management of Atrial Fibrillation
- Conduction System Pacing
- Left Atrial Appendage Occlusion
- Ventricular Tachycardia Ablation
- Lead Extraction
- Cardiac Contractility Modulation

Vascular

- Frailty in Cardiovascular Disease
- Management of Lower Extremity Wounds
- Current Management of Aortic Aneurysms and Dissection
- Management of Venous Thromboembolism
- Aortic Emergency Program
- Pulmonary Embolism Response Team (PERT)

Structural / Interventional

- Advancements in Structural Cardiology 2024
- High-Risk Percutaneous Coronary Intervention (PCI)
- Managing Ischemic Heart Disease

Cardiac Imaging

- Echocardiography as a Treatment Tool
- Coronary Calcium Scoring
- Advanced Imaging in Cardiovascular Disease
