

2024 ANTIMICROBIAL STEWARDSHIP SUMMIT

Smart Antibiotic Choices, Stronger Future

REGISTER NOW »

JOIN US. Friday, May 31 from 7:30 a.m. – 3:30 p.m.

The **2024 Nebraska Antimicrobial Stewardship Summit: Smart Antibiotic Choices, Stronger Future** will highlight the importance of antimicrobial stewardship and focus on implementation strategies to promote facility-wide incorporation and improved antimicrobial use and patient outcomes.

TARGET AUDIENCE

This accredited continuing education activity is designed for:

- **Post-acute and long-term facilities:** Long-term care providers, medical directors, infection preventionists, nurses, consultant pharmacists, directors of nursing, quality program leaders, and all other health care workers interested in improving the management of common infections through the incorporation of antimicrobial stewardship principles.
- **Outpatient facilities and acute care hospitals:** Family medicine providers, pharmacists, nurses, medical directors, quality program leaders, and all other health care workers interested in improving the management of common infections through the incorporation of antimicrobial stewardship principles.

SUMMIT LOCATION

Embassy Suites by Hilton Omaha La Vista Hotel & Conference Center
12520 Westport Parkway, La Vista, NE 68128
