AND SAFETY

HAZARDOUS MATERIAL FACT SHEET
Office and Non-Laboratory Areas

Hazardous Materials Checklist

Please answer the following questions.

YES	NO	Do you have?
		Flammable chemicals (e.g., hand sanitizer, oil base paints, stains, varnish, paint thinner, acetone, rubbing alcohol)?
		Corrosive chemicals (e.g. muriatic acid, hydrochloric acid, drain cleaner, bleach, cadmium, chrome, silver)?
		Chemicals/products container heavy metals such as mercury, lead, barium, cadmium, chrome or silver?
		Poisonous materials (e.g., bug spray, typewriter cleaner, oil)?
		Aerosol cans (e.g., spray air, room fresheners, cleaning products)?
		Batteries (e.g., rechargeable, button, or lead acid)?
		Unlabeled containers (e.g., spray bottles, bleach bottles, soap, any containers minus the original label)?

If you have answered yes to any of these questions, you could potentially have a hazardous material. Please call EHS office for disposal guidance.
