### CPH 559 Special Topics Learning Across Borders: Global Health Travel Experience

This course is for summer 2024 and is worth 3 credit hours.

This course will provide an overview of global health issues and allow students to experience being a student who crosses borders to study public health in action abroad. Students will gain insights into the challenges and strategies involved in promoting and improving global health, with the Rwanda serving as a specific case study. Students will engage with real-world examples and experiences in Rwanda throughout the course through virtual and in-person interactions and field visits.
