2020

- The **East Africa Region Global Health Security Summit 2025** was held in Mombasa, Kenya. Convened by the GCHS, the Kenya Vision 2030 Delivery Board and Secretariat, and the Jumuiya Economic Development Secretariat, the summit brought together a diverse group of stakeholders to advance regional health security initiatives.
- GCHS and **NETEC** hosted a World Cup 2026 preparedness exercise.

- The GCHS hosted the 2nd chapter of the **"Never Again: Pandemic Readiness" Summit Series**, featuring Dr. Jeremy Farrar, MBBS, DPhil.
- The GCHS transitioned to Academic Affairs and restructured its leadership team.
- The **C-STARS** program and the U.S. DOD brought the Negatively Pressurized Conex unit to be placed on the Nebraska Medicine campus.
- The University of Nebraska Board of Regents has approved plans for an infectious diseases air transport training facility at UNMC.

- The **National Quarantine Unit (NQU)** and **NBU** were activated during the COVID-19 outbreak, working closely with federal partners. 57 Americans who had been working in Wuhan, China, and 13 passengers from the Diamond Princess cruise ship in Japan were evacuated and transported to Nebraska.
- UNMC developed COVID-19 guidelines for multiple facilities, including meat processing, poultry growers, education, and cattle feeding facility.
- UNMC partnered with bio-pharmaceutical company Covaxx to provide large-scale antibody testing in Nebraska.
