

I am going to MMI today!

A social narrative

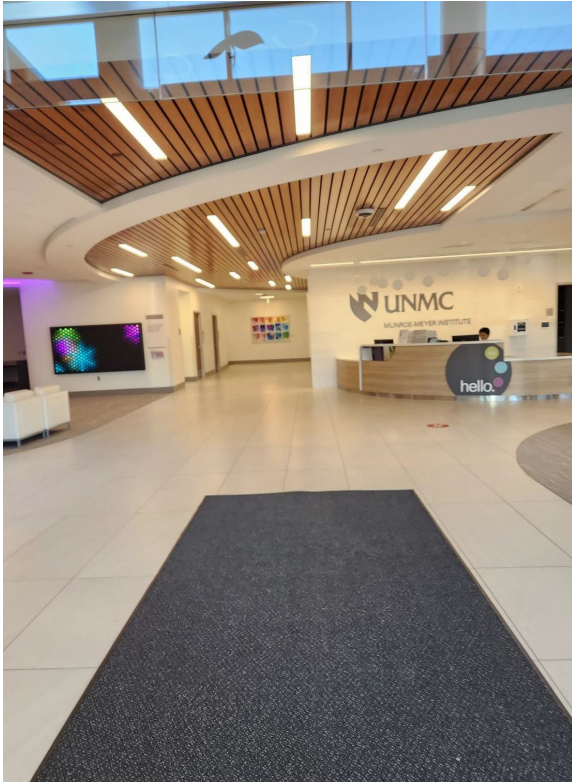

Welcome!

After we park our car, we will walk to the glass doors.

They will open when we get close.

This is the main lobby!

You can use elevator to get to the third floor

Caregiver note: Please inform the front desk if your child prefers to take the stairs.

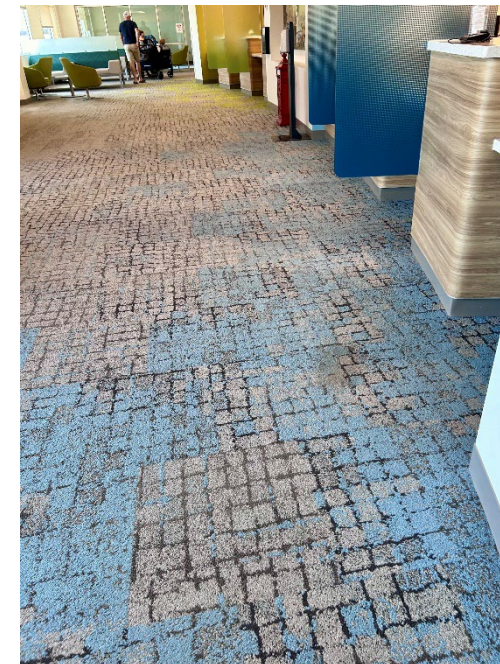

**Time to
Check In!**

**You may follow
the blue markings
on the carpet and
wait in this area
until your name is
called**

Time to Walk to the Clinic!

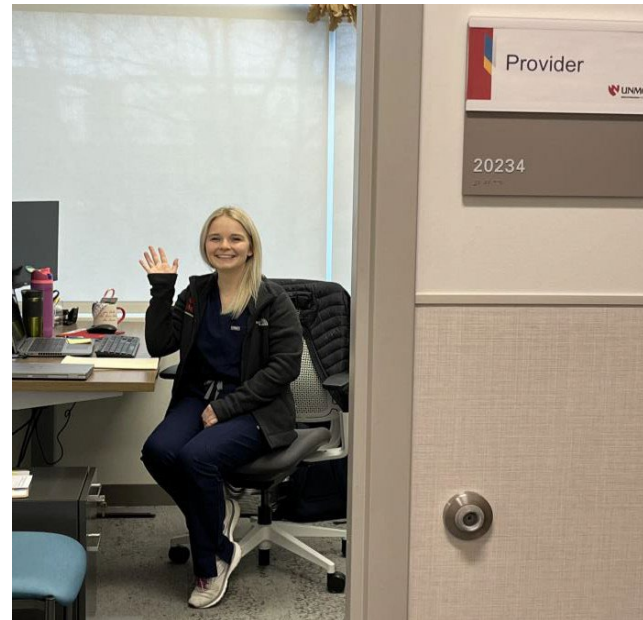

Someone will walk us to a room.

I can follow the blue pattern on the floor or the pictures of critters on the wall.

**You will see some
friendly faces as
you walk down
the hall!**

I did a great job at my appointment today!

We will take the elevator again down to the first floor.

I can push the *1 button in the elevator to take us downstairs.

I am all
done!

**I will leave the building with
my adult when we are all
done.**
