

I am going to MMI today!

A social narrative

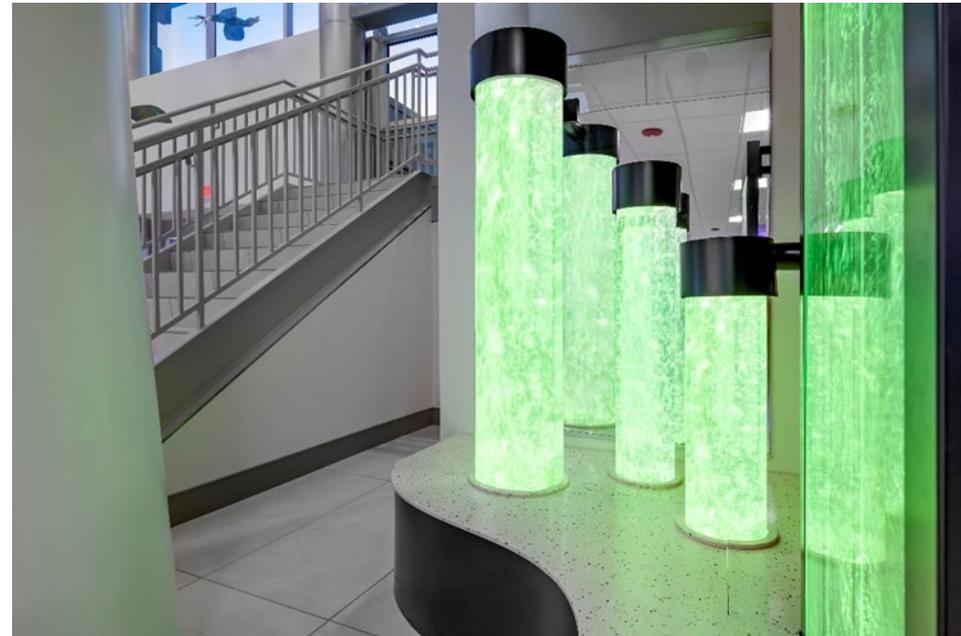

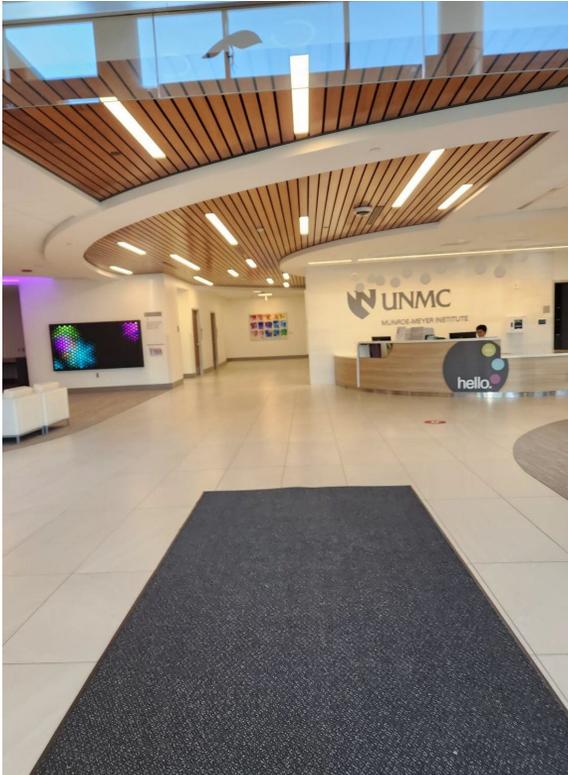

Welcome!

After we park our car, we will walk to the glass doors.

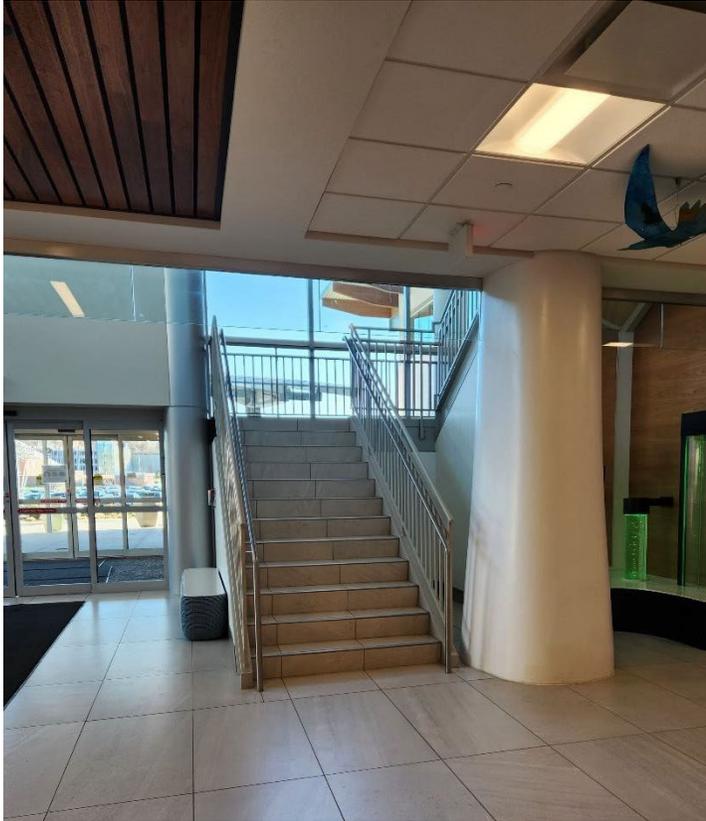

They will open when we get close.

This is the main lobby!

You can use elevator or the stairs to get to the second floor

**Time to
Check In!**

You can follow the green markings on the carpet and wait in this area until your name is called.

Time to Walk to the Clinic!

Someone will walk us to a room.

I can follow the green pattern on the floor or the pictures of critters on the wall.

**You will see some
friendly faces as
you walk down
the hall!**

I did a great job at my appointment today!

We will take the elevator again down to the first floor.

I can push the *1 button in the elevator to take us downstairs.

I am all
done!

**I will leave the building with
my adult when we are all
done.**
