RESPONSIBILITIES OF PUBLIC SAFETY

- Protect life and property
- Provide building and exterior patrol
- Investigate criminal offenses
- Control the University Access System
- Provide emergency first-aid response for on-campus incidents

TEXT MESSAGE ALERTS

UNO has an emergency alert messaging system to provide timely warning for critical situations that may affect the university community. Messages are delivered in a variety of ways from overhead pages, PC alerts, email, social media alerts, and text messages. UNO uses text messaging to reach students wherever they are when alerts are sent. This is a free service which UNO students are automatically enrolled in, but have the option to opt out of.

BIAS ASSESSMENT AND RESPONSE TEAM

UNO's Bias Assessment and Response Team (BART) gathers information about non-emergency bias incidents and supports those who have become or witnessed someone become a target of an act of bias. It is also BART's goal to increase opportunities for communication and restorative justice for students, staff, and faculty.

UNO CARE TEAM

UNO's Care Team is a network of existing resources that works to assist students who are experiencing challenging situations or are needing additional support and resources. The Care Team also works on prevention and early intervention efforts for campus situations, which sometimes involve students experiencing distress or engaging in harmful or disruptive behaviors. The Care Team develops intervention and support strategies, offers case coordination, regularly reviews incidents, and recommends actions that address the situation. The UNO Care Team exists to make sure that students are not only safe but also thriving on campus.

SPEAK UP

We want every student to feel valued and respected. Your experience as a member of the university community matters to us. As a student, you have many resources to report and share your concerns. Our Residence Life Staff members are trained to help support and connect residents to the appropriate resources.
